

## Engine Parameters

|                     |          |
|---------------------|----------|
| Engine RPM          | 1478     |
| Oil Pressure        | 2.75 bar |
| Fuel Pressure       | 9.65 bar |
| Coolant Pressure    | 2.85 bar |
| Oil Temperature     | 86 °C    |
| Coolant Temperature | 128 °C   |

## Battery Health

|                 |                                 |
|-----------------|---------------------------------|
| Battery Voltage | 11.6 V                          |
| Battery Status  | Critical – Switch-Shot Required |

## Overall Vehicle Health

|                   |         |
|-------------------|---------|
| Health Score      | 65%     |
| Vehicle Condition | Warning |

## System Recommendation

- Vehicle operating within safe limits
- Continue regular maintenance schedule
